Signed first edition of book containing an index to USA colonial court records referring to children sentenced to service (or slavery, as the author maintains) having been found without an indenture, or contract for employment in service. These included many children from Britain and Ireland, including many kidnapped and brought to the North American colonies. The main index is based on surviving county court records. The volume also includes a preface and guides to the records and to the indexes. Indexes include ships' captains, ships' arrivals, and surnames. There is an appendix on Jacobite rebels.
